Game Description

Join in the fun! Any age or skill level can compete. Stop by ring-side in the Northeast Hall for a complete description of rules and events.

Ball Lottery - Dogs retrieve numbered balls; the dog that collects the highest total wins.

Clean Plate Club - Dogs are given a series of foods such as dog treats, crackers, cheese, hot dogs and lemon slices. The winner is the dog who eats everything.

D-O-G - Two teams will take turns challenging the other team to perform the trick they just performed. If the opposing team fails to perform the trick they get a "D" then an "O" then a "G". The first team to not spell "DOG" wins.

Doggy Limbo - Dogs are split into groups of large (over 18") and small dogs to shimmy under a bar. How low can your dog go?

Going for Pairs Relay - Teams send dogs one at a time to a pile of socks in the middle of the ring. Each dog retrieves one sock and races back. The team with the most PAIRS of socks at the end wins.

Kiss Off - Measure your dog's love in kisses. How long will your dog kiss your face without stopping? Find out in the Kiss Off.

Leave It - In this test of obedience and will power, dogs must resist the lure of tasty treats and obey their handlers by "staying." The last three dogs to stay, win.

Marathon Down - After handlers place their dogs in the down position, various distractions will be presented to the dogs. The dogs that remain down longest win.

Musical Hoops - This is musical chairs for dogs! When the music stops, dogs must "sit" or "down" so that at least two of their paws are in a hoop. The last three dogs with two paws in a hoop win.

Over/Under/Through - This obstacle course is designed to test your dog's agility and speed. Try to make it through all the obstacles with the fastest time.

Puppy at Heart Relay - In this relay race, dogs must follow commands over a course while their handlers carry a dog treat on a spoon over a course without dropping it. The fastest relay team to complete the course wins.

Red Light - Green Light - Handlers heel their dogs on green and stop their dog on red.

Snoopy Says - In this fast-paced, canine version of Simon Says, handlers and dogs must follow instructions, but only if Snoopy says so!

Tail Wagging - Can you get your dog so happy that he'll wag his tail at anything? The teams with the best tail-wagger advance to a wag-off to determine the wagging champion.

Temptation Tower - In this race against the clock, build a tower of tasty dog treats in front of your dog in one minute!

Tic Tac Toe - Instead of Xs and Os, we use dogs in this game of tic tac toe! Two teams take turns placing dogs on the board. Each dog must be in a sit-stay or down-stay in their square. First team with three dogs staying in a row, wins.

You Can Dress 'Em Up Relay - In this relay, handlers and dogs race to a box of clothing, dress them in a t-shirt, scarf and two socks and then head back to tag the next team member. The fastest team wins the heat.
